

Meeting Notes

09/02/2020

1.	Those in attendance include... Christine H, Leigh, Steph, Shasta, Melissa
2.	Next meeting date is October 7 @ 6:30. In person/Zoom to be decided.
3.	Old Business: Movie License: Not renewing license. Can't use Multipurpose room, can't have big group gatherings. Ask Amanda how much the 5 th graders made on their movie night (she said they made something in the \$300 range). Kroka: Will keep our money with Kroka to be hopefully used in 2021. Clothing Drive: Christine will keep stuff stored for now in the hopes we can still donate it soon. Christine will email her rep. Yard sale: Applefest is the last weekend of September, 9/26. Shasta is going to put a poll on FB seeing if there is any interest in people donating items for the PTO to sell. The PTO would then man tables at Christine's.
4.	Treasury Update: \$2,067.84 in checking \$511.64 in savings We have \$639.11 less than we did at the start of 2019/2020. BUT we paid for Kroka, the movie license, yearbooks, and teacher appreciation. AND Kroka is already paid for for 2021. We need to decide if we want to close savings and just have checking, or move money into savings so we might get more interest. Savings isn't doing much for us at this point. Probably will not have much fundraising this year. Have to wait and see how things progress.
5.	New Business: Do something nice for teachers the second week of school. Christine is going to check with Martha to see if we are allowed to bring in coffee and muffins and a fruit basket. She will also check with Deb at Mill Village to see if she would be willing to make muffins and drop them off at the school. We need a teacher-PTO liason. Not sure if Amanda will do it again.
6.	Future Items: Election: President and Secretary positions are up for election. Christine and Shasta willing to do another term but still need to officially be voted in. Trunk or Treat: revisit in October. Will probably have a separate meeting in October about this. Members of PTO are to be brainstorming ways we might be able to do something for the kids for Halloween. Student Appreciation: how can we keep these kids connected with the community during this time? Need to find out the students who are doing Learn @ Home so we can keep them

	<p>connected, too. Next month, check in with Christine Miller about Saxy Chef pies.</p>
